ELSEVIER

Contents of Volume 47

Number 1

1 Anaerobic treatment in pulp- and paper-mill waste management: a review
J. A. RINTALA & J. A. PUHAKKA (Finland)

19 Biological transformation of 2,4,6,-trinitrotoluene (TNT) by soil bacteria isolated from TNT-contaminated soil
R. BOOPATHY, M. WILSON, C. D. MONTEMAGNO, J. F. MANNING JNR & C. F. KULPA (USA)

25 Pectin extraction from citrus peel by polygalacturonase produced on whey
J. A. DONAGHY & A. M. McKAY (UK)

29 Bioethanol production from dilute feedstock
E. KHAN, P. Y. YANG & C. M. KINOSHITA (USA)

37 Punctureless rubber-tyred ox-cart for central India
S. D. DESHPANDE (India)

45 Production and characterization of carboxylic acids from wood, part II: high molecular weight fatty and resin acids
H. PAKDEL, H.-G. ZHANG & C. ROY (Canada)

55 Studies on factors influencing methane production from tomato-processing waste
R. SARADA & R. JOSEPH (India)

59 Gross primary production and nutrient behaviour in a shallow coastal environment
A. SFRISO & A. MARCOMINI (Italy)

67 Composting of salmon-farm mortalities
P. H. LIAO, A. T. VIZCARRA & K. V. LO (Canada)

73 Identification of anaerobic digester bacteria using a polymerase chain reaction method
A. NG, W. T. MELVIN & P. N. HOBSON (UK)

Short Communications

81 Fuelwood characteristics of medium tree and shrub species of India
R. K. JAIN (India)

85 Extraction and utilisation of Cassava seed oil
V. I. E. AJIWE, S. C. UMERIE, C. A. OKEKE & V. N. OBUROTA (Nigeria)

87 Effect of sugarcane molasses on fermentation of pig faeces and wheat straw inoculated with lactic-acid-producing bacteria
D. N. KAMRA & S. K. SRIVASTAVA (India)

89 Aerated swine-wastewater treatment with K-carrageenan-immobilized *Spirulina maxima*
R. O. CAÑIZARES, L. RIVAS, C. MONTES, A. R. DOMÍNQUEZ (Mexico), L. TRAVIESO & F. BENITEZ (Cuba)

93 Book Review

94 Calendar of Events

Number 2

97 Fermentability of sugar beet pulp and its acceptability in mice
C. J. ISRAILIDES, D. ICONOMOU, K. KANDYLIS & P. NIKOKYRIS (Greece)

103 Effects of the extraction temperature on the characteristics of a humic fertilizer obtained from lignite
D. GARCIA, J. CEGARRA, A. ROIG & M. ABAD (Spain)

107 Sequencing batch reactor (SBR) removal of toxicity from combined sewage
W. J. NG, T. S. SIM, S. L. ONG, K. Y. NG, M. RAMASAMY & K. N. TAN (Singapore)

113 Continuous production of glutamic acid in a vertical rotating immobilized cell reactor of the bacterium *Corynebacterium glutamicum*
G. AMIN (Egypt)

121 The design and costing of a continuous ethanol process using wheat and cell recycle fermentation
R. K. WARREN, D. G. MACDONALD & G. A. HILL (Canada)

131 Physical properties of tallow ester and diesel fuel blends
Y. ALI & M. A. HANNA (USA)

135 Nitrification and denitrification in an activated-sludge system for supernatant from settled sow manure with molasses as an extra carbon source
P. J. W. TEN HAVE, H. C. WILLERS & P. J. L. DERIKX (The Netherlands)

143 Cell suspension cultures from *Tropaeolum majus* L. establishment and growth conditions
A. M. PINTÃO & M. SALOMÉ S. PAIS (Portugal)

149 The effect of frost on the starch yield from kudzu (*Pueraria lobata*) roots of various ages grown in northern Alabama
B. ACHREMOWICZ, R. D. TANNER, A. PROKOP & R. D. GRISSO (USA)

153 Anaerobic treatment of swine wastewater using hybrid UASB reactors
K. V. LO, P. H. LIAO & Y. C. GAO (Canada)

159 Effect of chemical solutions sprayed on sugarcane bagasse pith to produce single cell protein: physical and chemical analysis of pith
R. RODRÍGUEZ-VÁZQUEZ & D. DÍAZ-CERVANTES (Mexico)

165 Low-temperature digestion of dairy and swine manure
L. M. SAFLEY JR & P. W. WESTERMAN (USA)

173 Effect of the organic volumetric loading rate on soluble COD removal in down-flow anaerobic fixed-bed reactors
E. P. SANCHEZ (Cuba), P. WEILAND (Germany) & L. TRAVIESO (Cuba)

Short Communications

177 Effect of microbial retting on *Crotalaria juncea* (sunhemp) fiber properties
G. MAHESHWARI, G. S. DEVI, V. S. BISARIA & P. VASUDEVAN (India)

181 Influence of gaseous phases on lignocellulose degradation by *Phanerochaete chrysosporium*
A. K. PUNIYA (India), F. ZADRAZIL (Germany) & K. SINGH (India)

185 Biodegradation of paddy straw with cellulolytic fungi and its application on wheat crop
S. KANOTRA & R. S. MATHUR (India)

189 Effect of pyrite addition on anaerobic digestion
E. P. SÁNCHEZ HERNÁNDEZ (Cuba)

191 Book Reviews

193 Calendar of Events

Number 3

195 Bioconversions for whey utilization and waste abatement
A. J. MAWSON (New Zealand)

205 Biotransformation of 2,4,6-trinitrotoluene (TNT) by co-metabolism with various co-substrates: a laboratory-scale study
R. BOOPATHY, C. F. KULPA, J. MANNING & C. D. MONTEMAGNO (USA)

209 A study of the decolourization of straw soda-pulping effluents by *Trametes versicolor*
C. MARTÍN & P. MANZANARES (Spain)

215 Effects of tannery effluent on seed germination, leaf area, biomass and mineral content of some plants
S. KARUNYAL, G. RENUGA & K. PALIWAL (India)

219 Effect of temperature on the performance of an SBR treating liquid swine-manure
L. FERNANDES (Canada)

229 Microbial analysis of a fish waste dump site in Alaska
B. H. HIMELBLOOM & B. G. STEVENS (USA)

235 Comparative performances of Indian small solid-state and conventional anaerobic digesters
R. SINGH & R. C. ANAND (India)

239 Management plan for utilization of a floating microbial mat with its associated detrital gelatinous layer as a complete tilapia *Oreochromis niloticus* feed system
P. PHILLIPS (USA), A. RUSSELL (Dominican Republic), J. BENDER (USA) & R. MUÑOZ (Dominican Republic)

247 Organosolv pulping-VII: delignification selectivity of formic acid pulping of *Eucalyptus grandis*
N. de M. ERISMANN (Brazil), J. FREER, J. BAEZA (Chile) & N. DURÁN (Brazil)

257 A preliminary examination into the adsorption of hexavalent chromium using low-cost adsorbents
D. C. SHARMA & C. F. FORSTER (UK)

265 Losses and transformation of nitrogen during composting of poultry manure with different amendments: an incubation experiment
S. MAHIMAIRAJA, N. S. BOLAN, M. J. HEDLEY & A. N. MACGREGOR (New Zealand)

275 Characterization of accumulated biomass in anaerobic filter treating various types of substrates
K. HANAKI, S. CHATSANGUTHAI & T. MATSUO (Japan)

Short Communication

283 Lignocellulose and sugar compositions of some agro-waste materials
B. C. OKEKE & S. K. C. OBI (Nigeria)

285 Calendar of Events

287 Contents of Volume 47
